It's your typical registration - it's free and fairly simple to complete.

Completing Registration to become a Seller

There are three steps for completing the Seller Account registration.

1. You need to Verify your Identity.

This requires a Credit Card, a Checking Account or ID Verify.

2. Tell eBay how you will Pay Seller Fees.

This can be done using PayPal, a Credit card or Checking Account

3. Select the Payment Methods you will accept from Buyers.

The choices are PayPal, Merchant Credit Card or Payment at Pick-up.

Like many websites, to complete the registration process eBay will send a “confirmation message” to your email for verification.

After that... simply go to eBay and sign-in, using your new user id and password!

PayPal Registration - (www.paypal.com)

- A Credit Card is used for Buying and Selling
- A Checking Account can be used for Transferring Funds

The screenshot displays the PayPal website interface. At the top, there are navigation tabs for Home, Personal, Business, Products & Services, and Developers. Below these are secondary navigation links: Get Started, Send Money, Request Money, Financial Products, eBay, and Integrate.

On the left side, there is an 'Account login' section with a lock icon. It includes a text input for 'Email address' (containing 'wwwman@rocketmail.com'), a text input for 'PayPal password', a 'Go to' dropdown menu (set to 'My account'), and a 'Log In' button. Below the login form are links for 'Forgot your email address or password?' and 'New to PayPal? Sign up.'

A 'Top questions' section is located below the login form, listing three questions with arrows pointing to their respective links: 'Why use PayPal when I have credit cards?', 'What can I do with PayPal?', and 'Is PayPal free to use?'.

In the center, a 'What is PayPal?' pop-up window is open. It features a close button (X) in the top right corner. The pop-up contains the following text:

- The safer, easier way to pay online.
- Pay without exposing credit card numbers to the merchant.
- Speed through checkout while shopping online.

At the bottom of the pop-up are two links: 'View demo' and 'Sign up'.

Below the pop-up, there is a 'Pay With:' section showing logos for VISA, MasterCard, American Express, DISCOVER, and BANK.

The main content area is divided into two columns:

- Send money and buy online:** This section lists three benefits with arrows pointing to links: 'Check out more quickly when you shop online.', 'Send or request money from friends and family.', and 'Pay without revealing your credit card or bank information.' A 'Sign up' link is positioned at the bottom of this column.
- Sell online:** This section lists two benefits with arrows pointing to links: 'Sell on eBay and get paid quickly.' and 'Start accepting credit cards on your website.' A third benefit, 'Discover all the ways to get paid online.', is also listed. A 'Sign up' link is positioned at the bottom of this column.

Selling Process

Before you list, think about things like:

- > Item Selection... is it worth listing? Do a little research!
- > How to best Describe the item... for the Title and Body of the listing.
- > You will need a digital picture from a scanner or camera.
- > What will be your Shipping & Handling charges?
- > Determine if you will have a Return Policy.
- > Will you offer shipping insurance or delivery confirmation?
- > What should be your Opening Bid Price?
- > Determine the number of days you want the auction open.
